Dear Chang Liu,

Recognizing the achievements of its members is an important part of the mission of the IEEE. Each year, following a rigorous evaluation procedure, the IEEE Fellow Committee recommends a select group of recipients for one of the Institute's most prestigious honors, elevation to IEEE Fellow.

It is my great pleasure to inform you that the IEEE Board of Directors, at its meeting in November 2009 elevated you to IEEE Fellow, effective 1 January 2010, with the following citation:

for contributions to bio-inspired and polymer micro electro-mechanical systems

Enclosed is your IEEE Fellow pin and framed certificate. Both serve as visible recognition of your elevation to the highest grade of membership in the IEEE.

As noted in IEEE Bylaw I-105.2, Fellows shall be entitled to all rights and privileges of the IEEE, including the use of FIEEE or "IEEE Fellow" in their signature blocks, and on business cards, letterheads and such.

If you would like to be recognized for your elevation to IEEE Fellow at an IEEE- sponsored event, please contact your IEEE Society or Region Officer directly, or visit the following URL to obtain conference contact information --
